

# Looking for fun and adventure? Come and check out Cub Scouts!

Parents of young boys face a lot of choices in after-school activities. Boys want to have fun, while parents want them to learn positive values and skills that will last a lifetime. With Pack 215 you can get both!

Cub Scout Pack 215 offers its scouts and families the opportunity to experience the scouting program through fun and adventure. Whether it's racing their fellow scouts at our annual pinewood derby, journeying through the "Alaskan Wilderness" during our annual Klondike Derby, sleeping with the dinosaurs at the Carnegie Museum, or a family camping trip during our Excellent Spring Adventure, Pack 215 provides unique opportunities that you will not find anywhere else.

## Pack 215 activities include:

- **Pinewood Derby**
- **Archery**
- **Washington Wild Things Games**

**Parents:** The Cub Scouting program will instill in your child the values needed to help aid in the decisions our youth face today. The program focuses on building character, values, citizenship, decision making, leadership skills and personal fitness just to name a few. The program has been around for more than 93 years and has successfully molded millions of young boys into the dads, neighbors, husbands, professionals, leaders and everyday heroes we all know today.

**If your child plays sports:** Sports are an integral part of every boy's childhood. The Cub Scout program works in conjunction with many sports programs, offering a complete rounded experience. At each grade level, we have programs that work with your child. Being physically fit is one of the values we strive to instill. We even have special recognition your child may earn by participating in different sports.
